

Hamilton Contract Bridge Club

Nominations for Life Membership

The Committee has adopted a procedure for nominations for Life Membership to the Club. The guidelines for this procedure are available from the Secretary and on the Club's website.

Any financial member can nominate a member for Life Membership. This nomination must be submitted to the Committee for consideration and, if approved, the recommendation will be made at the Annual General Meeting.

If any member is interested in making a nomination for the Committee to consider, obtain a copy of the guidelines and register your interest with the Secretary - this interest will remain confidential and will avoid multiple members researching information regarding the same person.

Ella Gray

President
